

<b>catalog no.</b>	7225
<b>description</b>	de sanctis depth gauge—"u.d.t. model"
<b>color</b>	black neoprene case
<b>price</b>	29.95

The newest and most accurate depth gauge ever offered. There is no possibility of corrosive action since no orifices permit water to enter the actual mechanism. The complete mechanism is sealed as a unit in oil. The gauge is guaranteed to be accurate to 250 ft. and is encased in a specially molded neoprene housing.
